RE: 2021 Grower Packer / Fresh Market Assessment Prices & Reports

The Oregon Raspberry & Blackberry Commission average grower/packer and fresh-market prices for 2021 assessments are on the reverse side of this letter. These numbers are generated as an industry average to be used by the commission for assessment purposes only. The current assessment rates are to be calculated at 1% of the gross value of the raw product. Grower packers and fresh marketers will use the estimated average prices to calculate these assessments.

Please use the enclosed form to report your tallied totals of each varieties pounds, cash value and 1% assessment. Use the check boxes to indicate which period you are reporting for and include your company contact information and signature.

Additional forms may be printed from www.oregon-berries.com/the-orbc.

All assessment reports and payments for caneberries are due by:

1. **October 15, 2021** for berries purchased or delivered to the first purchaser from November 30, 2020 through August 31, 2021, and
2. **December 15, 2021** for berries purchased or delivered to the first purchaser from September 1, 2021 through November 29, 2021.

A 10% late fee is imposed if **postmarked** later than **October 15, 2021** (Period 1) and/or **December 15, 2021** (Period 2). No grace period is allowed under Oregon statutes.

Please disregard this letter if all of your berries are sold directly to a Processor. It is the Processor's responsibility to report and pay these assessments.

You are exempt from reporting if you sell less than 5,000 pounds of caneberries, or if you are an *organic producer (see below).

*An organic producer will be exempt from assessment of the producer presents the following information to the commission by October 15th of each year:

- (a) Either:
 - (i) A current certificate from a certifying agent under the Organic Foods Production Act, 7 U.S.C §6501-6522
 - (ii) A statement of exemption from certification under the Organic Foods Production Act, 7 U.S.C §6501-6522 and its implementing regulations; and
- (b) A production report signed by the producer containing the producer's name, mailing address, species of berries, and pounds and price for each species.

If you have any questions regarding the enclosed form, please call the business office at 503-274-5458. We will be happy to assist you.

Sincerely, Julie Hoffman, Commission Administrator

The following are the Average Assessment Prices to be used by grower packers and fresh marketers to determine their assessments. The prices were determined from a two phase process:

1. Once the Oregon Raspberry & Blackberry Commission received from packers the results of the 2021 Average Grower Packer Assessment Price Questionnaire, a non-weighted average was compiled.
2. The Oregon Raspberry & Blackberry Commission reviewed the prices and made adjustments based on their knowledge of industry prices for the year.

We would like to express our thanks to all the packers who participated in the price survey.
